**Independent Auditors' Report on Compliance with Requirements Applicable  
to Each Major Program, Internal Control over Compliance and Supplementary  
Schedule of Expenditures of Federal Awards in Accordance with OMB Circular A-133**

The Board of Regents  
The University of Alaska:

**Compliance**

We have audited the compliance of the University of Alaska with the types of compliance requirements described in the

## ABCD

The Board of Regents  
The University of Alaska

program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

### **Schedule of Expenditures of Federal Awards**

We have audited the basic financial statements of the University of Alaska as of and for the year ended June 30, 2002, and have issued our report thereon dated September 30, 2002. As of July 1, 2000, the University of Alaska adopted Governmental Accounting Standards Board (GASB) Statement No. 34 *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements—and Management’s Discussion and Analysis—for Public Colleges and Universities*, and GASB Statement No. 37 *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments: Omnibus*, and adopted GASB Statement No. 38, *Certain Financial Statement Disclosures*. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. The information in the schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

\* \* \* \* \*

This report is intended for the information of the Board of Regents, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

September 30, 2002, except for  
compliance with requirements applicable  
to each major program and internal control  
over compliance which is as of  
October 18, 2002

## UNIVERSITY OF ALASKA

### Notes to Schedule of Expenditures of Federal Awards

June 30, 2002

**(1) General**

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal financial assistance programs of the University of Alaska. The University of Alaska is a constitutionally created corporation and a component unit of the State of Alaska. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other government agencies is included on the schedule.

**(2) Basis of Accounting**

The accompanying Schedule of Expenditures of Federal Awards is presented using the economic resources measurement focus and accrual basis of accounting, which is described in note 1 to the University of Alaska's financial statements.

**(3) Non-Cash Federal Awards**

The University receives Federal awards under

## **Independent Auditors' Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

The Board of Regents  
The University of Alaska:

We have audited the financial statements of the University of Alaska as of and for the year ended June 30, 2002, and have issued our report thereon dated September 30, 2002. As of July 1, 2000, the University of Alaska adopted Governmental Accounting Standards Board (GASB) Statement No. 34 *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, as amended by GASB Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*, and GASB Statement No. 37 *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments: Omnibus*, and adopted GASB Statement No. 38, *Certain Financial Statement Disclosures*. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Compliance**

As part of obtaining reasonable assurance about whether the University of Alaska's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

### **Internal Control over Financial Reporting**

In planning and performing our audit, we considered the University of Alaska's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees

ABCD

The Board of Regents  
The University of Alaska

in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Board of Regents, management and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.
